at The Ohio State University

**Come explore with 4-H and connect with the scientists and researchers at OSU who do cool science stuff everyday!**

## **March 5 – The Honeybee Challenge**

What's the buzz? It's the Honeybee Challenge! These little guys have a big impact on the ecosystem. You'll learn all about them by making a model honeybee from a bristlebot and then work in teams to construct an efficient foraging route for them to collect pollen. Dr. Bob Horton, our 4-H science specialist is back to lead the Challenge. Bee there! Register by March 3; limited to 30 participants.

4-H Science Saturdays are for kids in grades 3-6 who want to discover new things and learn by doing. This session runs from 9:30-11 a.m. at the Nationwide & Ohio Farm Bureau 4-H Center. The cost is \$5 per child. Preregistration is required; complete the information form on reverse.
