

# Science Saturdays

at The Ohio State University

---

---

---

**Come explore with 4-H and connect with the scientists and researchers at OSU who do amazing science stuff everyday!**

**March 4 – Geek Fest!**

Come check out the brand-new 4-H Shoebox STEM 4-H kits. You can drive a Sphero, build a solar windmill, make some MakeyMakey music, launch a straw rocket or create a cool design with the ArtBots. This SciSat is your opportunity for some hands-on science fun. Drop in anytime between 9:30-11 a.m. And since March is the anniversary of A.B. Graham's birth, there is no fee to participate this month! Happy birthday A.B!

*(Please RSVP with the number of youth participating to: [mcclaskey.12@osu.edu](mailto:mcclaskey.12@osu.edu))*

4-H Science Saturdays are for kids in grades 3-6 who want to discover new things and learn by doing. Programs are held at Nationwide & Ohio Farm Bureau 4-H Center.

The Nationwide & Ohio Farm Bureau 4-H Center is located at 2201 Fred Taylor Drive on the OSU campus across from the Schottenstein Center
