

Science Saturdays

at The Ohio State University

Come explore with 4-H and connect with the scientists and researchers at OSU who do amazing science stuff everyday!

May 6 – Healthy Soils C.S.I. Challenge

Soil is more than just dirt! It's a mix of minerals, organic matter, living organisms, air and water. This month we'll tackle the 4-H Ag Innovators Experience with Dr. Bob Horton and learn about sustainable agriculture by testing soil and engineering new and innovative ways to plant crops. You'll work in teams to build and test your own small-scale no-till planter and learn why healthy soil is important when it comes to feeding people throughout the world. *Enrollment limited to 24 participants.*

4-H Science Saturdays are for kids in grades 3-6 who want to discover new things and learn by doing. Programs are held at Nationwide & Ohio Farm Bureau 4-H Center.

The Nationwide & Ohio Farm Bureau 4-H Center is located at 2201 Fred Taylor Drive on the OSU campus across from the Schottenstein Center
