I know I can be a ________________ if I continue my education.
Who Went to College?

Interview a family member or family friend about his or her college experience. Ask him or her the questions on the page and any other questions you might have. Bring the answers back to your next club meeting to see what other people have learned about college. Ask for help with reading and writing if needed.

1. Where did you go to college?

2. What was your major? Can you tell me more about it?

3. What kind of classes did you have to take to get this degree?

4. How long were you in college?

5. Where did you live when you went to college?

6. What was your favorite class?

7. If you could go back and get another degree, would you? Why?

8. After completing your degree, did you ever wish you had a different major?

9. What is one piece of advice you want to give me as I prepare for college?
