

April is Month of the military child

Tell me about your service in the military...

A fantastic way to get insight and learn more about the U.S. military is by asking veterans and active members to share about their experiences. Use the basic questions listed below to get a conversation going with a veteran. Also, feel free to make up your own questions. In order to encourage individuals to expand on their responses, you can say, "Please tell me more about _____".

How old were you when you were first drafted or enlisted?

How did you choose the military branch in which you served?

How long did you serve?

What was the best part of your military experience?

What part of your military experience did you like the least?

Did your military training prepare you for life after your service was over?

@omkohio

April is Month of the military child

What skills did you learn that you still use?

If you could start over again in your military service would you do anything differently?

What advice do you have for others considering military service?
