QUESTION TYPES:

- Regular Questions** are worth two (2) points during one-on-one competition, when only one member of each team may respond. Regular questions during one-on-one competition will be addressed to only one member of each team, beginning with the contestants in the #1 chairs (nearest the control operator) on either team and progressing with subsequent questions going to the contestants in #2, #3, and #4 chairs, respectively, until the one-on-one competition is completed. There will be an equal number of one-on-one questions per contestant per match.
 - The moderator will clearly indicate the start of one-on-one play by announcing the chair number of the contestants eligible to respond, prior to reading the question.
 - Toss-up/Bonus questions will not be used during the one-on-one competition.The regular questions are worth one (1) point during **Open** questions, when any member of either team may respond. These questions count toward individual and team scores. **All incorrect answers during the one-on-one and open play receive a (-1) deduction.**
- Toss-up Questions** are worth one (1) point and are open for response to any member of either team. The toss-up question is only used in the OPEN part of the match. If there is a correct answer to the toss-up question, a bonus question will be attached. Toss-up questions are generally a little more difficult than regular questions, and may have two or three required answers. All answers are required to be correct. **All incorrect answers receive a (-1) deduction. Toss-up questions will only be used when bonus questions are included in a round.**
- Bonus Questions** will be worth three (3) points. They are attached to a correctly answered toss-up question. When multiple answers are required, (3) points will be awarded if ALL of the required answers are correct. No points will be awarded or taken away if there is less than the required number of answers, or if there are no correct answers. No part of the bonus question will be repeated, nor will any

All American Quarter Horse Congress Horse Bowl Contest 2023

additional information be given to the contestants relative to the question. **Bonus questions will only be used during the final few rounds of competition.**

- a. A bonus question attached to an unanswered or incorrectly answered toss-up question will be transferred to the next regular open question (which becomes the new toss-up question), until a correct answer is given.
 - b. The team should allow the moderator to read the complete bonus question. The team will be given 10 seconds to confer. The acknowledger will call time at the end of 10 seconds. The team captain or designee must then start giving the required number of answers within 5 seconds. Team members may feed answers to the captain/designee during the 30-second answering period.
 - c. If the match ends with an unanswered bonus question, the bonus question will not be utilized.
4. The number of questions used per round will be up to the contest management, but must include at least four (4) one-on-one questions and sixteen (16) open questions. The number of questions may be increased in later matches.
5. **Response Penalty** – if any contestant, other than the designated contestants, responds to a one-on-one or regular question, that team will lose two (2) points. **A contestant that responds more than twice to a one-on-one or regular question directed to another contestant will be replaced at the panel by their team alternate. If an alternate is not available, the remainder of the match will be played with less than a full team, and all one-on-one questions normally addressed to the eliminated contestant will be addressed to the contestant in the opposite numbered chair. The dismissed contestant may return to further matches in the contest unless it was their third offense. A third such penalty will disqualify them from the competition. The (-2) penalty will continue to apply for the second and third offence.

READING & ANSWERING THE QUESTIONS:

1. The moderator will read all questions – identify the type and number of questions and designate the chairs eligible to respond when necessary. Five seconds will be allowed for starting a response. If an answer is not given or is wrong, the moderator will give the correct answer, and the next question read. If the answer given is the same or means the same as the expected answer, it will be accepted. If the answer is different than the expected answer, it will be referred to the judge(s) for a decision.
2. Once a contestant activates a buzzer, they must be ACKNOWLEDGED before they can answer the question. After they have been acknowledged, the contestant has five (5) seconds to start a valid answer. First answers given will be considered valid answers. It is the responsibility of the acknowledger to determine if an actual answer was started within the 5-second time limit.
3. An acknowledgement penalty of one (1) point will be deducted from the team score if a contestant answers a question before being acknowledged.
 - a. The first answer(s) given will be accepted as the official answer, including multiple response questions. Repeating the questions will not be considered the initiation of the answer.
 - b. If a question was read to completion, the judge(s) may ask the contestant to explain, expand, be more specific, or clarify their answer.
4. If a question is INTERRUPTED during the reading of it, the moderator will stop reading as soon as a buzzer is activated. The contestant responding has five (5) seconds after being acknowledged to begin their answer. If the answer given is correct for the way the question was written, it will be accepted. If the answer given is correct for only the portion of the question heard, but wrong for the way the question was written, the answer will not be accepted. If the question was interrupted, the judges will not be allowed to ask for any type of clarification of the answer given.
5. The judges will be allowed to verify an answer, or the validity of a question. If verification cannot be made, the question will be replaced.

3. The designated set of questions for each round is opened by the moderator and verified with the judge's panel before starting the game. Prior to reading a question, the moderator will announce the number, type of question and the contestants eligible to respond. Each succeeding question will be read in this manner, until all of the questions for that match are read. The correct answer will be given for all unanswered questions or wrong answers.
4. Contestants, who respond to a question, will receive the appropriate points applied to a particular question. Appropriate penalties will be deducted as warranted.
5. If the time (5 seconds) in which a member may buzz in to answer a question elapses without a contestant activating a buzzer, there will be no loss or awarding of points to either team. After the response time has elapsed, the answer will be given, and the next question read.

3. If after checking the device it is determined that there is an equipment malfunction/failure the faulty part(s) or unit will be replaced and play resumed.
4. Scores accumulated to the point of the “time out” shall stand and all further points awarded during the remainder of the match added to or subtracted from this total.

GAME OFFICIALS AND EQUIPMENT:

The moderator will accept all answers that are the same or mean the same as the expected answer to the question. 2. **Judge(s)** – The judges (minimum of two – moderator may be one of the two) will consist of knowledgeable horsemen. Judges should give reasons for not accepting an answer to a question. The judges will rule jointly on the acceptability of any question or answers to all questions. In case of a challenge of a question or answer, the judges must agree on accepting or rejecting the question or answer, and agree on the actions to be taken.

If an answer was not clearly heard, the contestant may be asked to repeat their answer. If a question was read to completion, and the answer given is different than the one expected, if it is technically or logically correct you may accept the answer. All answers given must be correct for the way the question is written. Any answer may be correct for a portion heard of a question that was interrupted, but wrong for the way the question was written. The judge may not ask any questions, and the answer will be counted as a wrong answer. If the answer is correct for the way the question was written, it will be accepted.

3. **Time Keeper(s)** – The time keeper(s) will monitor all time intervals and designate when the time of response has been exceeded, and will handle all controls of the game equipment. It is strongly recommended that neither the moderator nor the judge be the time keeper. 4. The Contest Chairman will have final authority over all procedures and protests.
5. **Score Keeper(s)** – An individual shall be used to keep accurate team and individual scores. The team scoring will be visible to the team and the coach on a blackboard, overhead projector or flip chart. The team results and individual scores will be listed on a master score sheet in order to determine the order of future play, awards, or if the team is eliminated.

EQUIPMENT:

1. **Game Panels** – An appropriate device will be used which will provide a clear indication of the first contestant to respond to a question. A means of keeping the times indicated in these rules must be provided.
