GENERAL GUIDELINES
1. Age of Participants:
   - 4-H Age unless noted in specific class guidelines

2. Participation Guidelines:
   - Counties may be represented by two individuals with a maximum of one participant in each class (J-1, J-2). Please note there are no age divisions (Jr., Sr.) within these classes.
   - Individuals cannot compete in more than one age division (Jr., Sr.)
   - All welding on projects exhibited must be completed using Shielded Metal Arc Welding (SMAW), commonly referred to as stick welding.
   - Winners of any class in 2021 are not eligible to participate in the same class in 2022.
   - Any previous members of the National Engineering Team are not eligible to compete in the same class again.

3. Type of Evaluation: Skill-a-Thon
   - Participants will have a personal interview evaluation with a judging team
   - Judging team will evaluate participants on the following basis:
     - Completed project book
     - On-site interview (including participants’ presentation of their project).
     - A quiz based upon welding & 4-H knowledge
     - A welding project from the project book
     - A second welding project of their own design (for the J-1 class the second project may be another from the book)

4. Participant MUST bring:
   - Two welding projects.
   - Registration information provided to you by your County 4-H Educator.
   - Completed project book showing involvement in and progress through completion of their project goals.
   - May bring - A poster board, scrapbook, electronic presentation, ..., about their project(s).
CLASSES

J-1  Welding - For welding projects that will fit in an imaginary box 6 ft. x 6 ft. x 3 ft.
Every participant shall bring and exhibit two welding projects: one will be from the recommended projects in the 4-H project book *Arcs and Sparks* and the other will be one of their own design that will be no bigger than 6 ft. x 6 ft. x 3 ft.

J-2  Welding (Bigger Weldment) - For welding projects that are bigger than 6 ft. x 6 ft. x 3 ft.
In this class, participants will follow and meet all requirements and criteria listed for J-1, except for the size of the optional design project. **This class is for larger dimension projects. It is preferred that projects be no larger than 8 ft. x 8 ft. and 20 ft.**

PLEASE NOTE:
- The project from the Arcs and Sparks book will be evaluated for conformance to the drawings including weld sizes and locations.
- Alternate materials are acceptable, for example, \(\frac{3}{4}\) x 3” stock in lieu of \(\frac{1}{2}\) x 2”, but it should be cut to the same length and fitted in conformance with the drawing.
- While the judges may be impressed by massive projects, they award points for welding quality. Do not grind your final welds or hide the beads under heavy paint as the judges will not be able to award points for great weld beads if they can’t see them.

AWARDS AND SPONSORS
1. All participants will receive a participation award sponsored by the Ohio State Fair.
2. The top 20% of each class will receive “Outstanding of the Day” awards sponsored by the Ohio State Fair.
3. In each class, the best individual from each of five age divisions (8-10, 11-12, 13-14, 15-16, & 17-18) will be recognized. Each will receive a welder from the **Lincoln Electric Company**.

2021 CLASS WINNERS
J-1  Lukas Perry, Ottawa
J-2  Madison Esker, Sandusky
