GENERAL GUIDELINES
Age of Participants:
- All participants must be 4-H age

Participation Guidelines:
- Participants must have completed the *Am I Ready for Work*, the *Get in the Act* project book OR have participated in a 4-H related workforce preparation program (camp counselors, CARTEENS, junior fair board, leadership projects, and others as approved by the Assistant Superintendent).
- Individuals may register independently to participate; there is no limit to the number of individuals that participate from each county.
- Winners in any class are not eligible to participate in the same class the following year.
- Registration 11:00 am - 12:15 pm. Participants will register and sign up for an interview time with the display following in the order of registration.

Type of Evaluation:
- Participants will prepare a digital display, discuss their display with the judges and complete a mock interview.
- Participants will be judged based on their knowledge, skill, and understanding related to the project as conveyed in their digital display presentation and discussion (20%), the quality of their display (20%), and mock interview performance (60%).
- Digital Display Presentation - Each participant should create a digital display presentation using presentation applications such as PowerPoint, Prezi, Keynote, etc. The digital display presentation should help the participant illustrate his/her 4-H workforce preparation experiences and accomplishments. The display should convey to fair-goers and judges what the participant learned or gained from being in this 4-H project or program and how the experience will benefit the participant in the future. Details related to the digital display presentation include:
  - A timed oral presentation supported by technology of up to 5 minutes.
  - A laptop that operates on a Microsoft Windows based program will be provided. It will include a recent edition of PowerPoint. You may bring your own laptop/tablet, which is encouraged if you have utilized other software programs. Members should bring a USB flash drive to use on the provided equipment and should have knowledge of how to install the flash drive.
  - No sound/audio or Wi-Fi connection will be available. Members may access content on the internet if they provide their own mobile access point on their own device.
  - Members using technology that experience computer glitches may, with permission of the judge, call upon outside assistance for technical help. Members are expected to be able to perform routine set-up and use of the equipment. When members using technology experience an equipment failure or glitch that cannot be resolved in a reasonable time (a few minutes), the judge may elect to move to the next presentation. The member will be given time to work out the technical problem and then re-schedule the display presentation with the judge’s helper. If the member experiences a second failure, the display presentation will be ended and evaluated accordingly.
  - Other props may be used in addition to the digital display (i.e., project book, journal, etc.).
  - Judges may ask questions throughout the presentation and at its conclusion. Time to respond to questions will not go against the 5 minute limit.
- Mock Interview - Each participant will be interviewed based on their selection of one of the following positions:
  - Day Camp Counselor working with 5-8 year-old children
  - Summer Internship at an Extension Office
