OHIO 4-H HORSE JUDGES TRAINING PROGRAM

1. The 4-H Horse Judges Committee, through its administration of the Ohio 4-H Judges Training Program, publishes a judges list on January 1st of each show year. The list contains the names of 4-H judges who have expressed an interest in judging 4-H shows and have met the criteria established by the judges committee as listed in this document. The current judges list is made available at http://horse.osu.edu. Placement on the 4-H Horse Show Judges List is a privilege, not a right, bestowed by the Judges Committee.

2. The 4-H Horse Show Judges Training Program, and the subsequent listing of judges, has the following objectives:

   a. Identification of judges that demonstrate ability to work with youth; have good communication skills with youth, parents, and show management; demonstrate knowledge of 4-H rules and the ability to make decisions that reflect the 4-H philosophy of fairness and impartiality; and demonstrate professionalism in attire and conduct. An individual’s conduct as a judge listed on the judge’s list, as well as any other role the individual plays at an equine related activity, must be exemplary at all times.

   b. Provide a list of the judges identified above to Ohio 4-H horse show committees, State Extension Horse Specialists in neighboring states, and other interested open horse show groups (committees).

   c. To train our present judges and to provide training for beginning judges.

   d. In as far as it is possible, to not list judges that may endanger Ohio’s youth.

3. The list includes the judge’s name, address, phone number, and any additional judge’s card held. The list also indicates if they are a Beginner or Experienced (Regular) Judge and if they are eligible to judge State Fair Qualifying shows where Performance Against the Standard (PAS) judging is being done. All Experienced judges interested in obtaining approval to judge PAS Shows must meet the additional requirements for PAS Judges.

4. The Ohio 4-H Judges Training Program and the compiling of the 4-H Horse Show Judges List are administered by the Ohio 4-H Horse Judges Committee. The committee consists of the following representatives:

   a. Up to three representatives of the State 4-H Horse Advisory Committee, who are selected by that committee on a rotating, three-year, term basis.

   b. Eight representatives will be judges that qualify for the Experienced judges list. Each year at least two representatives will be elected, by all attending the annual clinic for a term of three years. Representatives must attend at least 75% of the committee’s meetings and functions unless prior approval has been made from the State Office. The judges committee will nominate persons they feel are
qualified to be on the committee and nominations will be accepted from those in attendance at the annual Ohio 4-H Horse Judges Training Clinic. Voting will be done by paper ballot.

c. The State Extension Equine Specialist will also serve on the committee and is responsible for the office administration of the Judges Training Program. All inquiries of the judges committee shall be made through that office.

5. All persons interested in the continued and improved success of the 4-H Horse Judges Training Program are urged to report any situation that involves a current judge who is not demonstrating conduct as indicated above. The following should be reported to the Judges Committee:

   a. The individual’s name and credentials.
   b. The exact date, time and location of the incident.
   c. An accurate accounting of all actions, conversations, and witnesses that may be contacted by the committee for verification of the report. Upon receipt of the report, the State Horse Specialist will notify the judge and request a written or oral response to the report. The Judges Committee will review each report and reach a decision, if necessary, by majority vote. If determined that the judge’s conduct was unprofessional as compared to the standards of conduct for judges on the judges list, that judge will not be allowed to apply to the judges list for at least one year following the decision of the judges committee. Multiple offenders or convicted felons will be permanently removed from the judge’s list.

6. The Judges Committee, as the administrative body of the Judges Training Program, reserves the right to do the following:

   a. Consider all special cases for application to the judges list (i.e. transfer judges from other states, judges returning after retirement, etc.)
   b. To rule on any situation not covered in the above rules, as necessary to ensure consistency and coherency of the Judges Training Program, and within the spirit of the Ohio 4-H program.
   c. To add to or amend rules of the Judges Training Program to ensure the above stated objectives of the program.

7. Judges need to be aware of their responsibilities to show management and show management’s responsibilities to the judge as set forth in the Uniform Rules for 4-H Horse Shows.

8. There are three categories of judges on the judge’s list: Beginner Judges, Experienced (Regular) Judges, and Experienced/PAS Judges.
