

Appendix D

Transfer of 4-H Membership

(Approved by Administrative Cabinet 12/93)

A youth who wishes to transfer membership in 4-H from one county to another must:*

1. Initiate a request and discuss the situation with the Extension Agent, 4-H Youth Development in their current county of residence.
2. A transfer will be considered for the following reasons:
 - a. A change in the child's families' permanent residence;** from current county to a second county identified by the 4-H member;
 - b. Through a legal and/or court decision such as in parental custodial situations or adoption/guardian proceedings that requires a change in residence;
3. The 4-H agent in the current place of residence will take the leadership to discuss the situation with the 4-H agent in the county that the individual wishes to transfer to.
4. This policy refers to transfer of 4-H membership only. Any participation in activities, events, etc. would fall under the time-tables and deadlines as established in the county of transfer.
5. Consideration for a membership transfer should be given only in situations where a positive educational experience will result that would otherwise not be possible. Any transfer motivated by perceived competitive or sale advantage, any transfer due to controversial issues, or similar motivations will not be seen as justified reasons for transfer consideration and should be automatically rejected by the agents involved.

*This would also include those individuals wishing to transfer from any other state.

**In the case of a family owning residences in two or more counties, the permanent residence county will be determined by the public school system in which the 4-H member would be enrolled.
