

SKILLATHON RULES

SKILLATHON PROGRAM MANAGER

ELIZABETH SHARE-DULING

Livestock & Food Animal Specialist, OSU Extension

GENERAL INFORMATION

A Skillathon is an event to test knowledge of specific subject matter using the experiential learning model of exploring, reflecting and applying that knowledge. Skillathons are created from materials directly or modified from Learning Laboratory Kits, information provided in the Ohio 4-H Animal Resource Books, and other resources, along with input from industry experts.

Each Skillathon is comprised of four educational and challenging stations. Certain species Skillathons offer different age-appropriate stations, such as junior, intermediate and senior. Youth move from station to station, attempting to perform the tasks they are given. A facilitator is present at each station to offer directions without helping the exhibitor perform the station tasks or offering answers. Station scores are recorded by each facilitator, and entered into a computer program that calculates each youth's placing. Winners are announced at the species' awards ceremonies.

RULES

1. All Skillathons are open to any Ohio 4-H member, age 8 and in the 3rd grade or age 9 and in any grade to age 18 as of January 1, 2019, and FFA members. Therefore, 4-H and FFA members turning 19 on or before December 31, 2018 are too old to participate in the Skillathons. Youth are not required to be exhibitors at the Ohio State Fair to participate.

2. There are 10 age classes – 8/9 year-olds through 18 year-olds. A parent/guardian, or responsible adult, **MUST** sign the youth's Skillathon form at the Skillathon registration table verifying the youth is in the correct age class **BEFORE** the youth can participate in the Skillathon. If it is determined at the completion of the Skillathon that an exhibitor was entered in the wrong age class, the exhibitor will be disqualified from the competition and not eligible for placings or awards. **Parents/guardians:** Verify with your county Extension professional your child's correct 4-H age, as this is the basis for age classification.

3. Once a youth registers for the Skillathon, s/he should expect to go through the line when called. Once a youth enters the Skillathon judging area, s/he **CANNOT** leave. If s/he leaves, s/he forfeits any further participation in that respective species Skillathon.

4. Skillathon participants are not permitted to bring study materials or electronic devices such as cell phones into the Skillathon judging area.

5. Participants will be required to sign the back of their score sheet upon completion.

6. Ties for overall Skillathon awards and age class placings will be broken by the following procedure:

1st: Skillathon Station No. 2 score;

2nd: Skillathon Station No. 3 score;

3rd: Skillathon Station No. 4 score;

4th: Within age group Skillathon Station No. 1;

5th: Total score of common Skillathon Stations;

6th: Scoring segments within stations (same order – Station 2, 3, 4, and 1); and

7th: An additional test may be administered.

7. The four station categories for each species will be posted around June 15 at www.go.osu.edu/osfskillathons on the respective species' Skillathon page.

8. Complaints must be submitted in the form of an email by August 31 to the State 4-H Office at 4HAnimalScience@osu.edu.

Beef, Poultry, Sheep, Swine, and Goat Participants

9. Only for Beef, Goat, Poultry, Sheep, and Swine Skillathon participants (Outstanding Market Exhibitor [OME]-eligible Skillathons). For the possibility of achieving the maximum potential score on the records section of a Skillathon, youth must bring their current year's completed record book. A separate award will also be given to the outstanding record book from each age class.

10. Youth participating as 4-H members:

a. Must bring their up-to-date species record books (Beef #117; Goat #135, Poultry #150; Swine #139 or #140; Sheep #198 or #199).

b. Copies of 4-H record books will **NOT** be accepted. 4-H record books other than the official Ohio 4-H record books listed above will **NOT** be accepted.

c. Project and record books **MUST** be intact. Book pages **CANNOT** be separated and/or placed loose or in sheet protectors in a binder. The project and record books may be put into a binder if additional pages are added.

d. 4-H project and record books will be allowed no more than ten (10) additional sheets of paper (single- or double-sided), and those pages must pertain directly to activities or records required for the book. These additional sheets may be placed in the binder at the youth's discretion – either before or after the intact project and record book. Youth will be ineligible for the Outstanding Record Book award if more than ten additional sheets are added, although they will still receive points towards their Skillathon score.

11. Youth participating as FFA members:

a. Must bring an up-to-date Single Experience Report from AET.com, Animal Enterprise Record Book, or Farm Account Book for each species entered. Other record books that contain equivalent record keeping information permitted by FFA are also acceptable.

- b. FFA books will be allowed no more than ten (10) additional sheets of paper (single- or double-sided), and those pages must pertain directly to activities or records required for the book. These additional sheets may be placed in the binder at the youth's discretion – either before or after the books. Youth will be ineligible for the Outstanding Record Book award if more than ten additional sheets are added, although they will still receive points towards their Skillathon score.

12. Judging criteria will include evidence of current and up-to-date records, completeness, accurate calculations, legibility, and how well the book reflects sound production and management practices. Interviews may be required for finalists.
