

Showring Readiness (Optional)

If you plan on showing your animal, get your animal used to the idea by practicing with it at least weekly. Practice more frequently, even daily, as the show date nears. Use the chart below to record how often you practice leading, setting up, grooming, and otherwise preparing your animal for showing. If you need more showing readiness pages, they are available at go.osu.edu/4hdairyresources.

Date	Animal ID#	Activity	Time Spent	Notes
