Cyberbullying: What to Do

Stop, Block, Tell

STOP! Don't do anything. Don't respond, walk away and calm down.

BLOCK! Block the cyberbully or limit all communications to those on your buddy list.

TELL! Tell a trusted adult, you don't have to face this alone.

See, Say, Walk Away

SEE a victim of cyberbullying and it could be you.

SAY something to a trusted adult.

WALK AWAY from the situation and do not give him or her the attention they are seeking.
